Animated Canadian electro band 'SAM' releases debut album

Canada-based cartoon two-piece SAM's self-titled debut album is released worldwide today under the Swedish Dansant label.

SAM is the Canadian and animated collaboration of Sadoway; the silent but deadly talented electronic music guru, and Mandrake; the fast-talking, misty vocal, pop mouthpiece.

In the spring of 2012, SAM was picked up the Dansant label of the Gothenburg based Substream Music Group – the largest electronic record company in West Sweden – and started preparing for their big launch.

The band's first single "*Bitch Stole My Song*" was released in September and has been playing frequently on air in Europe, America and Asia. The track was picked up by the prestigious [EQ Music Blog](#) and the remix by U4Ya drew big attention during the Amsterdam Dance Event in September and has been featured in several dance compilations in Europe.

'Passion EP' – Coming Soon

Right now, the band is hard at work preparing for the next single from the album, scheduled for March. The track, called "*Passion*" is an upbeat number - flirting with the house scene and packaged with an animated master piece for a music video featuring Sadoway and Mandrake in an action-packed, futuristic story.

A teaser of the music video is already now available on youtube, visit www.youtube.com/substreamlabel to check it out.
